

WAC LIGHTING

Framing Projector Accessory

Accessory for LEDme Track Luminaire

Model	Finish
008FP	BK Black DB Dark Bronze WT White

Example: **008FP-BK**

DESCRIPTION

Premier series framing projector accessory for use with WAC Lighting brand 007 series track heads, display lights, and monopoints. Attaches to the end of the track head.

FEATURES

- Creates a square or rectangular light area to illuminate artwork or displays. Frames a crisp edge with no light spillage, making paintings look as if they are self-luminating.
- Best effect is achieved with low level ambient light and distances less than 10 feet.
- Can be used with the following fixtures; HHT-007, HHT-007L, JHT-007, JHT-007L, LHT-007, LHT-007L, DL-007, ME-007, MI-007, LP-007
- 5 year warranty
