

WAC LIGHTING

PAR30

Line Voltage Multiple Spot Trim

Model	Finish
MT-130	WT/BK White/Black WT/WT White/White

Example: **MT-130-WT/BK**

DESCRIPTION

Line Voltage Multiple Spots are ideal for perimeter lighting applications in retail, commercial and hospitality where high output lamping is desired. Offered in a white or black standard trim option in addition to an invisible Trim™ option which can be spackled to the ceiling creating a smooth and clean look. Gimbal ring style trim for adjustable aiming up to 25° and 350° horizontal rotation.

FEATURES

- Adjustable recessed lights with gimbal ring styled aiming
- Electronic short circuit and overload protection with automatic reset. Soft start to prolong lamp life
- Thermal protections to prevent against overheating and misuse of insulation near fixture
- Trim version has a 1/4" low profile, Invisible Trim™ sits flush to ceiling
- 25° vertical adjustment and 350° horizontal rotation
- Utilizes one 120V, 75W max PAR30 lamp
- Lamp sold separately
- 5 year warranty
